

ODSTRAŇOVAČ ETIKET - LABEL REMOVER

LABEL REMOVER is a residual cleaning liquid, biodegradable, non-toxic, without significant odor.

USAGE

LABEL REMOVER removes paper labels quickly and efficiently. The active substance penetrates the paper and impairs the adhesion of the adhesive. After a few minutes, the label can be easily removed. The product can be used on various types of materials such as glass, metal, wood, foil, concrete, plastics, etc. (for plastic surfaces, perform a material resistance test).

USER MANUAL

Apply directly to the label and leave on for about 4-5 minutes. Then remove the label slightly. Repeat the process if heavier labels are heavily soiled. You can then rinse the cleaned surface with a stream of water or clean it with a dry cloth.
