

SOLMAX®

SOLMAX® is a very effective cleaning and degreasing agent. Thanks to its extraordinary pressure and point flow, penetrates perfectly into hard-to-reach areas and is well applied to distant surfaces. It is used in all areas of industry, manufacturing and car repair. It cleans very well and dries quickly.

BENEFITS

- extreme pressure
- very effective
- dries quickly
- easy to use
- for cleaning hard to reach places
- saves time

USER MANUAL

Shake before use. Apply from a distance of 20–30 cm. In the event of greater soiling, allow for longer periods of time or, if possible, first remove coarse dirt mechanically. You can repeat the procedure several times as needed.

SUITABLE APPLICATIONS

SOLMAX® is a very effective cleaning agent used to clean and degrease heavily soiled surfaces.. It is intended for cleaning machine parts and equipment. Removes adhesive, lubricant and oil residues. It is suitable for surface preparation before gluing and sealing. Removes oil and dirt contamination on metals, glass, ceramics, textiles and many plastics. Removes sticky and stiff dirt, old carbonized greases, silicone greases, soot and dust. Cleans bearings, leaf springs, brake belts, shifting mechanism, oil pumps, dynamos, starters, carburetors, injection molding pumps, electrical components, etc. SOLMAX® is safe for most plastic materials. Be careful with some types of plexiglass, poor colors, etc.

NOTICE

If you are not sure about the possible damage to the surface to be cleaned, try the product in a hidden place first.

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
