

SOLTECH®

SOLTECH® is a universal detergent for all branches of industry and car-repairing. Cleanses well and dries very quickly.

USAGE

SOLTECH® evaporates very quickly, and that's why it can be used wherever slow evaporation prevents from using other detergents. It removes residues of adhesives, lubricants, oils, and dirt. It cleanses and degreases leaf springs, components of drives, brake belts, gear mechanisms, oil pumps, dynamos, starters, carburetors, injection pumps, electrical components etc. It is suitable, for example, for cleaning the surface before sealing.

BENEFITS

- Very simple use
- Dries very quickly
- To clean hardly accessible places
- Saves time

USER MANUAL

1. Shake the tin thoroughly before use.
2. Apply at the distance of about 20–30 cm.
3. Remove coarse dirt mechanically in the case of major pollution.
4. The coat can be repeated several times.

TECHNICAL DATA

Ignition point	below -18 °C
Density (20 °C)	675 kg/m ³
Vapour pressure (40 °C)	550 kPa
Evaporation category (according to PN 18/10)	extremely quick evaporation
Evaporation rate (according to PN 18/10)	< 1 min

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
