

NOVALON® 4010

A professional detergent specialized in washing floors. It is non-foamy, non-flammable, biologically degradable, odourless (with a pleasant scent). It is water-dilutable.

USAGE

It is suitable for daily cleaning; it can excellently replace dangerous caustic solutions, flammable and toxic substances. An excellent detergent for floors; it has an excellent effect on pains and resins. It is capable of degreasing, cleaning and washing the majority of surfaces.

DOSAGE AND DILUTION

Ordinary contamination (floors, working areas, moulds)	2% to 5%
Strong contamination (machines, engines, structures)	5% to 20%
Glossy and aluminum surfaces	Not to be used in concentrations exceeding 5%

USER MANUAL

Can be used in cold or hot water; it can be applied undiluted in the case of extreme contaminated. Can be used manually (using a brush or cloth), by immersing in a tank, by spraying under low pressure, in floor and brush washes, or in washbenches.

NOVALON® 4010

TECHNICAL DATA

Appearance	liquid
Colour	yellow
Smell	lemon
pH value	8.3 undiluted
pH at 5% concentrations	7.3
Ignition point	none
Boiling point	101 °C
Density (25 °C)	1005 kg/m ³
Solubility	soluble in water

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
