

## K 1®

K 1® is a concentrated renovator and detergent for technical use. It is incombustible, nontoxic and biologically degradable. It cleans up calcareous deposits, rust, algae, mineral sediment and oxidized surfaces.

## USAGE

K 1® cleans the majority of water-resistant surfaces (tiles, facing, metals, sanitary ceramics etc.); it is diluted with water in the ratio from 1:1 to 1:10 according to the type and level of contamination. High dilution is recommended particularly for stainless steel.

## BENEFITS

- Universal use
- Safe
- Ecologically harmless

## USER MANUAL

It is applied by spraying, painting or dipping and it is rinsed with water after several minutes. Apply sufficient quantities of K 1® for strong deposits and remove the softened deposit mechanically after several minutes. Complete cleaning with K 1® if necessary.

## DISPOSAL

The product is neutralized during the cleaning process; normally, no treatment of pH of the waste water is necessary. Dispose through a sewage disposal plant.

## TECHNICAL DATA

Density (at 20 °C)	1095 kg/m <sup>3</sup>
pH value (20 °C)	2
Inflammability	not inflammable

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website [www.novato.cz](http://www.novato.cz), eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
