

K 3[®] i

K 3[®] i is an excellent corrosion inhibitor designed to reduce the corrosive effect of acidic metal cleaners. This is the most modern anti-corrosion protection based on triazoles.

USAGE

K 3[®] i is used wherever we want to eliminate the corrosive effect of acidic cleaning agents. It has a very wide spectrum of action and significantly reduces the corrosive effects of acidic components of detergents on all metal components of cleaned equipment. Its use in systems composed of a combination of several metallic materials (stainless steel, steel, copper, brass, etc.)

BENEFITS

- fluid
- universal
- highly effective

USER MANUAL

Add K 3[®] i to the prepared acidic washing solution in an amount of 0.3–0.5 l for every 100 l of washing solution.

REK®

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
