

## SPS®

SPS® - separation paste for welding is used to protect welded parts and welding nozzles of torches against the adhesion of metal droplets. It does not contain silicone or substances whose vapors are dangerous. It does not change the quality of the weld.

## USAGE

Suitable for all types of welding. SPS® significantly extends the life of burners. There is no need for special cleaning of welded parts before further surface treatment.

## BENEFITS

- non-flammable
- non-toxic
- well biodegradable

## USER MANUAL

Dip the torch (welding nozzle) into the paste, and if it is hot, let the excess paste drip back into the can. To protect welded parts against splashed metal droplets, apply at a sufficient distance around the future weld, adhered metal droplets can be easily wiped off. After welding, no special cleaning is necessary, just wipe the torch and the protected surface with a rag.

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website [www.novato.cz](http://www.novato.cz), eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
