

NEF®

Professional neutraliser of smells for industrial applications. Highly concentrated composition of the mixture has immediate effect on the molecules of bad smells and leaves fresh aroma. NEF® reacts with the bad smell in a targeted manner without covering it but decomposing it and thus preventing its further expansion. It does not leave stains; it is safe for a variety of surfaces. NEF® can be applied wherever the working environment is made unpleasant due to bad smells.

USER MANUAL

Apply a small quantity directly to the space, onto walls, floors, upholstery, curtains etc. using an atomizer. Can be added to the distribution systems of air conditioning. NEF® is water-soluble and can be added to a detergent solution where it improves the perfuming effect when cleaning, washing floors etc.

Avoid applications to hot surfaces. Test reactions of delicate materials (leather, textiles).

SUITABLE APPLICATIONS

Industrial halls, workplaces where chemicals are treated, public buildings, sport facilities, toilets, public transport, veterinary facilities. Eliminated bad smells of chemicals, fuels, greases, foodstuffs, rubbish, sweat, urine, smells of animals, moulds, etc.

WORK SAFETY

Observe general rules of industrial safety. Avoid contact with eyes; observe rules of industrial safety for work with chemicals. Do not eat, drink, or smoke when working. NEF® is not a hazardous substance; no special measures of personal protection, means of protection and emergency measures are necessary.

STORAGE

Keep closed in original containers, at dry places. Avoid freezing.

TECHNICAL DATA

State (20 °C)	liquid
Colour	whitish
Smell	fresh, after scent
pH value	7
Density 20 °C)	1.00 g/cm ³
For professional use only

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
