

# TECHNICAL WIPES PROFI MAX

Wet abrasive cloths with high cleaning efficiency. Easily removes lubricants, oils, adhesives and other contaminants

## USAGE

PROFI MAX technical wipes made of non-woven fabric with a slightly abrasive surface remove grease, inks, oils, rust, tar, soot, dyes, adhesives, asphalt and other impurities.

## BENEFITS

- High efficiency due to the content of natural solvents.
- Can be used in any situation, even without access to water.
- Universal use on both hands and tools.

## USER MANUAL

The container is secured with a foil against drying out. Pull open the hopper lid and remove the aluminum sealing foil. Pull the cloth out of the center of the roll and pass it through the hole in the lid. Replace and secure the lid. Pull out the required number of wipes and clean the surface. Close the can immediately after use to prevent it from drying out.

## WORK SAFETY

Avoid contact with eyes. May cause eye irritation. In case of contact with eyes, rinse immediately with plenty of water for 15 minutes. If irritation persists, call a physician. If swallowed, seek medical advice immediately. Keep out of reach of children. For professional use. Once opened, use within 12 months.

## STORAGE

Do not expose to sunlight and heat sources. Storage temperature + 10 ° C to + 35 ° C.

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website [www.novato.cz](http://www.novato.cz), eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
