

SAZEX®

SAZEX® is a detergent which removes soot and smoke-fume deposits reliably. It is non-toxic, non-flammable, and biologically degradable. It can be applied to all water-resistant surfaces.

USAGE

SAZEX® is used for technical cleansing of all water-resistant surfaces to remove soot and smoke-fume deposits. It can be used for cleansing of smokers, ceramic and enamelled tiles, glass doors of fireplace pieces and stoves. It contains special organic solvents and has very good efficiency even where other products fail. It does not damage the surface cleaned or seals.

BENEFITS

- Easy application
- Cleanses excellently
- Very economical
- Safe to the majority of surfaces
- Instant effect

USER MANUAL

Spray SAZEX® onto the surface to be cleaned and let work for several seconds. The use of a brush considerably increases efficiency. Then wipe dirt off using a paper pad, or rinse with water and polish the surface cleaned with a dry cloth. Do not spray SAZEX® onto hot surfaces. For aluminium alloys, test the reaction with SAZEX® solution with the surface to be cleaned.

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
