

NOVASORB®

NOVASORB® is a special hydrophilic crumb that guarantees excellent absorption of all types of liquids.

USAGE

NOVASORB® is designed to mitigate the consequences of environmental accidents, their elimination and as a highly effective prevention to prevent them. It is used to catch harmful substances leaking from damaged or punctured barrels and tanks, to catch dripping fatty substances in car repair shops, machine shops, etc.

BENEFITS

does not contain abrasives
does not dust
sucks very fast
great sorption capacity
low weight
disposal without residue

USER MANUAL

1. Use personal protective equipment depending on the type of fluid being disposed of.
2. Pour NOVASORB® on the surface of the liquid and let it soak in, you can speed up the process by digging.
3. After saturation, remove the crumb in a suitable container.
4. Discard according to the nature of the absorbed liquid.

NOTICE

The product is non-toxic and harmless to health when not in use, it does not react chemically with liquids. The properties of saturated NOVASORB® are influenced by the properties of the absorbed substances.

All products of NOVATO® spol. s.r.o., which are a chemical mixture or a dangerous chemical mixture, are properly classified, marked and equipped with safety data sheets in accordance with the Chemical Act and relevant regulations within the EU. All hazardous mixtures have a safety data sheet, which is freely available on our website www.novato.cz, eventually at our sales representatives and in the sales department of the company. All users of NOVATO® products are legally required to familiarize themselves with the technical and safety data sheets of the product concerned to ensure proper use, storage and handling of the product. Our oral and written technical recommendations, which we transmit with the utmost knowledge, cannot cover all details and conditions of the application and do not exempt users from their own examinations and tests in relation to third party rights. Therefore, the user is obliged to perform tests and tests for individual applications in such a way as to eliminate all risks associated with the application of the chemical mixture, especially the hazardous chemical mixture, as these applications and their conditions are beyond our control possibilities. NOVATO® spol. s.r.o. guarantees the declared quality of its products and the properties described in the technical and safety data sheets.
